## POINTERS ON THE RACES.

The Last Day of the Racing at Elizabeth.

A Fair Card, with the Outlook for a Heavy Track.

This is the last day of racing at Elizabeth. From a financial point of view, the meeting has been a large success; for every day we see a crowd of spectators. The odds of the post-menus were mainly responsible for this, as the programmes were not so highly attractive throughout the twenty days.

There have been very few interesting meets during the meeting. Today's card is fair.

Madstone looks to have a walkover in the last race, and Harvest seems to have a walk on whatever event occurs.

The race between Banquet, Terrier and Wilson should be the most interesting event of the day, for the winner bring the title of track champion.

The two-centaur ought to make a pretty race, and the turf-turk dash with Bill Young.

Madstone looks to have a walkover in the last race, and Harvest seems to have a walk on whatever event occurs.
